
AMENDMENT: FIRST QUANTUM MINERALS ANNOUNCES SENIOR NOTES OFFERING

(In United States dollars, except where noted otherwise)

First Quantum Minerals Ltd. (“First Quantum” or the “Company”, TSX Symbol “FM”) today announced that it is launching an offering of \$1,600 million of Senior Notes due 2023 and 2025 (the “Notes”).

The Notes will be senior obligations of the Company and will be guaranteed by certain of the Company's subsidiaries. Interest will be payable semi-annually. The interest rate, offering price and principal amount of each series of the Notes along with certain other terms will be determined at the time of pricing of the offering, subject to market conditions.

The Company intends to use the proceeds of the offering to refinance the Company's existing senior notes due 2019 and 2020 by way of a tender offer and redemption, repay certain other senior debt and pay fees associated with the offering. The Company has prepared an offering memorandum which will be made available to selected prospective purchasers of the Notes.

This announcement is not an offer of securities for sale in the United States or any other jurisdiction.
